

*From all of us at De La Torre Orthotics & Prosthetics,
have a safe and happy Holiday Season!*

Women's Amputee Event

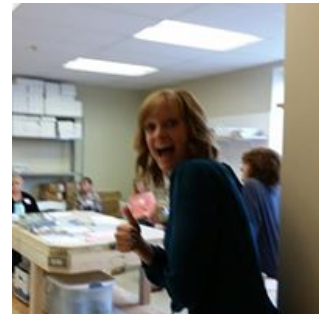

November 8, 2017, De La Torre's Prosthetic Staff held our first ever "**Women's Amputee Event**" from 10am-2pm at our Harmar office.

The objectives of the event were to:

- Learn more about prosthetics from guest speakers
- Experience educational activities
- Discover amputee resources and ideas
- Meet fellow female amputees
- Ask peers and clinicians questions
- Food, Fun and Gifts!

Right, one of our prosthetists, Lauren Wyrostek, giving a thumbs up right before she leads an "Activities and Support" workshop.

After the event we received the following letter.
"Tuesday, November 8, was more than I anticipated. It was the kind of seminar that lent information and awareness of resources to assist amputees with better fit and more appropriate gait...The prosthetists were outstanding in their presentations. It was good to meet staff and fellow amputees....."

Paul McGuire

Prosthetics and Orthotics for Therapists™

Continuing Education Series

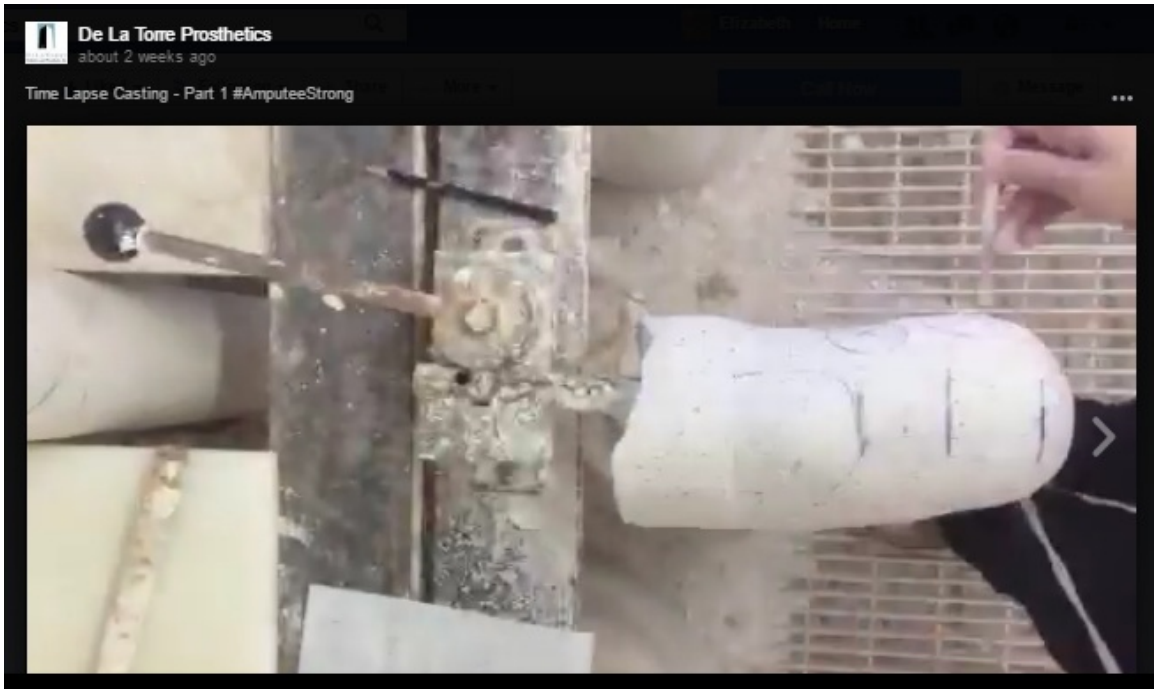

The purpose of our Prosthetics and Orthotics for Therapists™ continuing education course series is to provide continuing education credits for therapists in Pennsylvania by presenting courses on various aspects of upper and lower extremity prostheses and orthoses.

Cost Effective? There is no cost. You can't get more cost effective than that!

To schedule your course series, **contact Libby** at 412-310-4445.
